Even with your preparation interviews of our clients, our president had no idea it was possible to deliver an upbeat keynote on technical issues. You did your homework and brought us an outstanding wrap-up that tied the meeting together. It takes talent and skill to be such a powerful speaker.”

“Your presentation was exciting, inspirational, moving, entertaining, funny, and filled with substance. For many of the attendees, your presentation was the pinnacle. In point of fact, I have never worked with a speaker who takes their job as seriously as you do. Your interest in our association, our industry, and our needs, your tireless preparation and thought over the past year proved to be obvious when you stood in front of our group. You sure showed the celebrity keynote speakers how to deliver a speech!”
